Asia and Middle East Reinsurance Division

chaucer

☞ A China Re Company

Chaucer's Singapore and Dubai platforms provides dedicated capacity and local representation in the Asia-Pacific and Mena region.

Our team has underwriters based in Singapore and Dubai with over 50 years of collective experience in the local markets. We pride ourselves in being able to offer lead expertise in structuring, quoting and pricing all forms of Excess of Loss, Proportional and Structured covers that fit within Chaucer's Group appetite. We service the Asian, Australasian, Pacific Islands, Middle East and North African territories with the exception of domestic Japanese business, which is handled by our London Office.

We have local licenses in Singapore, Dubai, Labuan and China, all backed with the security of Chaucer Syndicate 1084 at Lloyd's.

Treaty

Our primary product lines are shown below however we will always look to create innovative solutions to specialty coverages, just ask one of our underwriters.

Property

Catastrophe, risk and pro-rata property. We are able to consider retrocessional and engineering stand-alone covers. We have appetite for non-traditional and structured placements.

Marine

We have a diversified Asia Pacific portfolio to provide risk solutions and capacity for all aspects of shipping and marine industry: cargo, hull, builder's risk, P&I, upstream energy, war, retrocession and other associated classes.

Casualty and specialty

Motor, EL, WCA, public, professional and financial lines, predominantly on an XoL basis. We are also able to accept specialty, legal, W&I, cyber, surety and miscellaneous classes. We have appetite for non-traditional structures, including adverse frequency covers, loss sensitive covers and retrocessional protection. We can offer unlimited capacity on compulsory lines of business.

Accident and health

Life and non-life cat, non-life per risk and retro, specialty health, workers bond and other miscellaneous classes. We are a strong local lead market.

Agriculture

Crop, livestock, forestry and retro. We predominantly write this class on a proportional or stop loss basis. We have our own innovative crop modelling resource and our center of excellence is based in Singapore.

Product availability

Our products are available through our Singapore and Dubai underwriters, with full authority resting locally. We also have a license to underwrite in Labuan and China to enable clients and brokers to benefit from our specialist regional knowledge and dedicated service in these territories.

About Chaucer

Chaucer are a leading specialty (re)insurance group working with brokers, coverholders and clients to protect and support business activities around the world.

Our services are accessed through Syndicates 1084 and 1176 at Lloyd's of London and through our Irish domiciled insurance company, providing the choice of Lloyd's or company paper. In 2021, Chaucer Group underwrote \$2.1bn of premium with a CoR of 91.2%, representing 13.4% CAGR since 2017.

Independently regulated by Lloyd's and PRA in London, CBI in Dublin and BMA in Bermuda, Chaucer Syndicates is rated 'A' by AM Best and A+ by S&P, with Chaucer Insurance Company rated 'A' by AM Best and 'A' by S&P.

Our single group business model, strategy, and approach to risk management are supported by our collegiate culture, enabling us to deploy our skills and expertise to underwrite, distribute and support products through our global network.

Environment, social and governance (ESG) ethics are actively embedded into everything we do. Via our collaboration with Moody's we have developed a market leading data driven ESG scorecard which enables us to help our customers progress along their own ESG journeys to become more sustainable.

Chaucer is a member of the China Re Group, backed by their financial and operational resources. China Re is one of the world's largest reinsurance companies, rated A (excellent) by AM Best and A (strong) by S&P Global. As of 31 December 2021, the Group's gross premium income and total assets amounted to \$25 billion and \$79 billion respectively.
